REQUEST FOR DRAWING CHANGE

Commissioner for Patents:

Drawing changes, as indicated in red on the attached drawings, are hereby submitted for approval by the Examiner.

Figures 9, 10, and 12 have been amended to correct previously unnoticed typographical errors. Specifically, the drawings were originally created in Visio 5.0, and thereafter converted to Visio 2000 by the undersigned. The majority of the drawings converted correctly (e.g., Figures 6, and 7), but in a minority of the drawings (e.g., Figures 9, 10, and 12, amended herein) the Visio 2000 version "smart connector" feature caused connecting arrows to extend beyond the flowchart box in which they were enclosed, and consequently "wrap" back to such arrows' connection points. Although this wrapping problem was manually corrected several times by the undersigned, it was found that when the Visio 2000 file was closed and reopened, the wrapping problem would remanifest itself. On the date of filing, when the Visio 2000 file containing the attached drawings was opened, the connecting arrows wrapped, and such wrapping went unnoticed. Hence, the amendments made herein merely "straighten" the connecting arrows, and thus the amended arrows are substantively equivalent to the arrows on the drawings as filed. Consequently, no new matter has been added.

Any inquiries concerning this matter should be directed to Applicants' attorney shown below at 206-622-4900 ext. 392.

Respectfully submitted,
Marcellino Tanumihardja et al.
